

About Buhler Community Foundation

Since 2009, Buhler Community Foundation has been working to multiply the impact of charitable giving to brighten the future of Buhler. In addition to the Fund for Buhler, we hold over \$400,000 in funds established by families, businesses and non-profit organizations, allowing everyone to make a powerful difference in our community in their own unique way.

 matches \$200,000.

Buhler thrives for generations.

2015-2017 CAMPAIGN FOR BUHLER

THE POWER of the Fund for Buhler

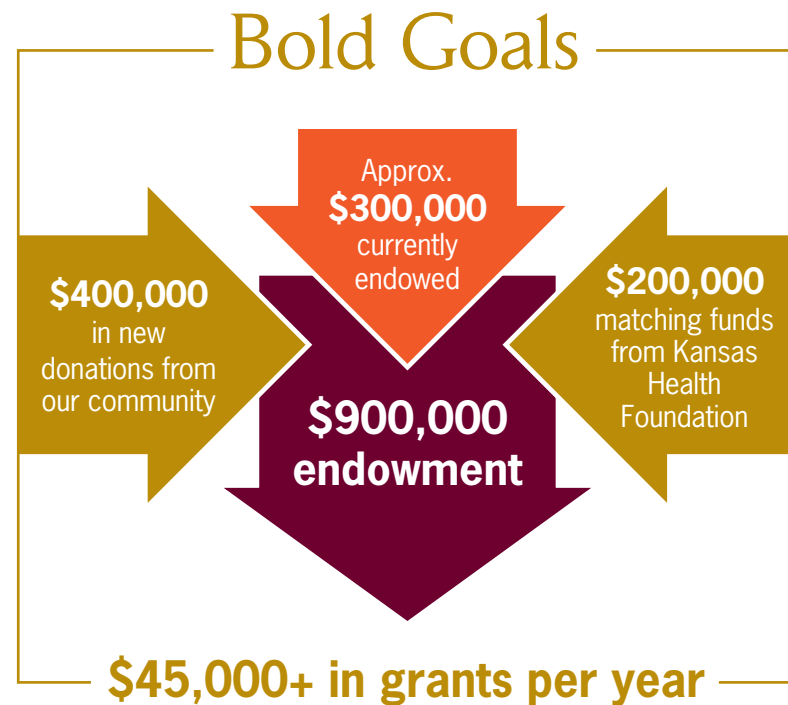

Here in Buhler, we're passionate about creating a thriving community, and the Fund for Buhler is a driving force. This pool of unrestricted funds is a "community savings account" that allows us to address needs and opportunities as they arise in our community.

Over the past 5 years, we've raised over \$200,000 for this fund, giving \$11,250 back into the community in grants.

Our opportunity: \$200,000 in matching funds

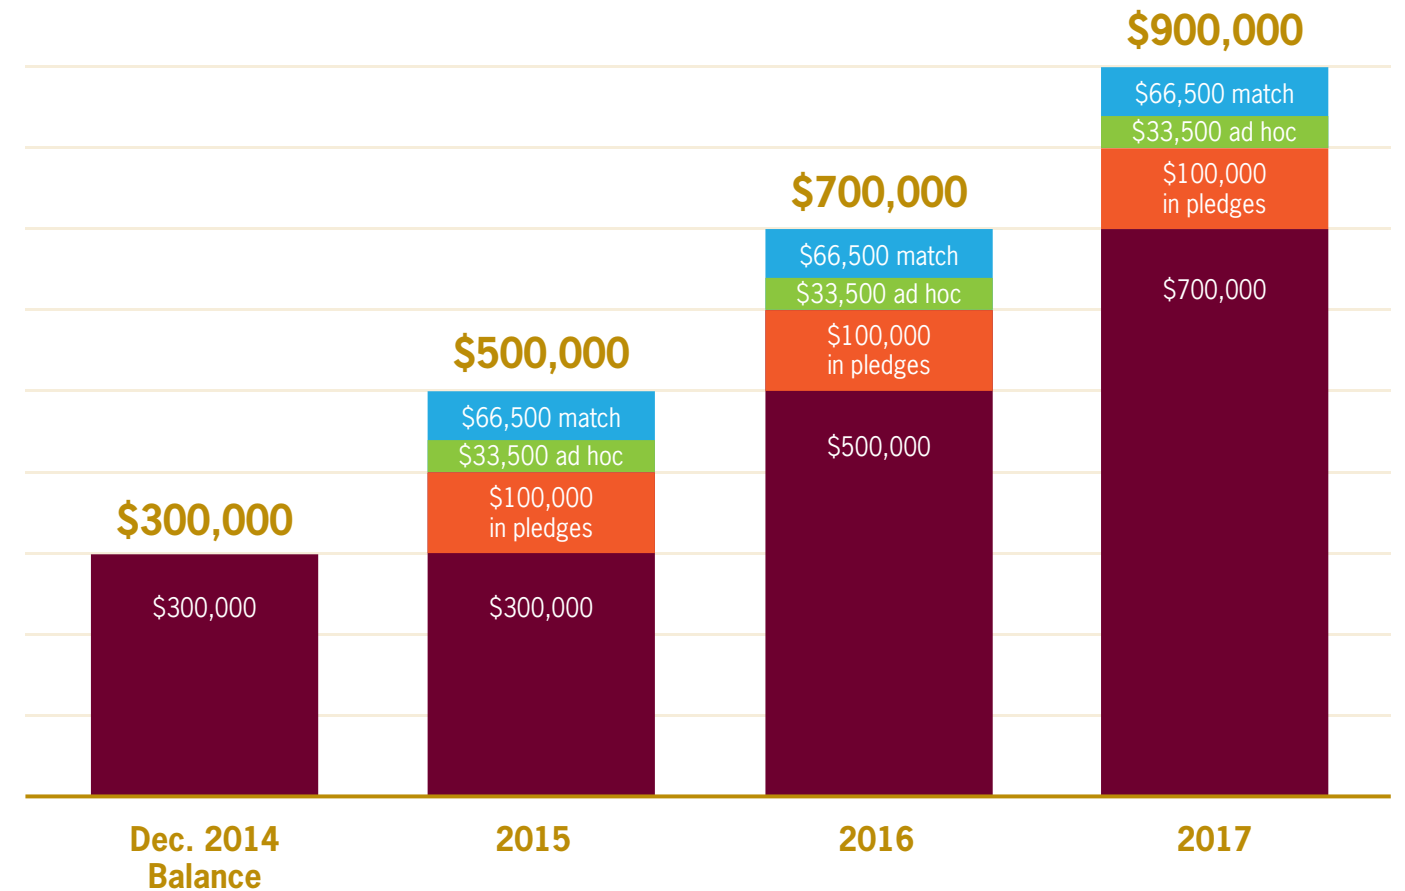

Right now we have a unique chance to capture matching funds from the Kansas Health Foundation (KHF). For every dollar donated to the Fund for Buhler or Buhler Public Health Fund through the end of 2017, KHF will match \$.50. This means the Foundation can earn an additional \$200,000 by the end of 2017 if we reach our goal of \$400,000 in donations from our community. Per KHF rules, matching funds will be divided equally between two special funds—our operating endowment, and our health endowment.

Adding this to our current endowment balance, we will have the ability to award \$45,000+ in grants each year. Imagine the power of these funds to improve our community!

We need your pledge

Raising \$400,000 in three years is no small task. To reach this major milestone, we're asking community members to make a three-year commitment to help us reach \$100,000 in total pledges for each of the next three years. We're hopeful the final \$100,000 will come through unplanned donations.

Giving can take almost any form

Buhler Community Foundation has the ability to accept many kinds of assets. For example, giving assets like appreciated stock can have greater tax benefits than donating cash. We can look at your options together to find the right methods of giving for you, which may include the following:

- Cash – lump sums or automated monthly deductions from your checking account
- Publicly-traded stock
- Mutual funds
- Livestock and commodities
- Residential or commercial real estate
- Land
- Privately held companies, interests in C-corporations, LLCs, Limited Partnerships
